

Gender	Amount of sleep you got last night.	Number of siblings (brothers/sisters) you have.	What is your hair color?	How many people live in your household?	What is your birth month?	Choose one of the following numbers.	Choose one of the following letters.	Imagine a sequence of 10 tosses of a fair coin. Write down a sequence of outcomes that you believe in unlikely to occur.	What is your height in inches?	Guess Mrs. Dixon's age.	How many text messages have you sent in the last 24 hours?	What is your dominant hand?	What size shoe do you wear?	Which of the following best describes what percent of the time you wash your hands before eating at a restaurant?
